WHY IS THIS PROGRAM DIFFERENT FROM THE OTHERS?

Extremely rare for “Ping” trades to be made available to small cap account balances

OVERVIEW

Karl Finance can now introduce its Family Office and High Net-Worth clients to this exceptional small cap and above “Ping” program. A “Ping” program means that the client does not move funds from their account – the trading platform just needs the ability to check the client’s account on each day they trade – to “Ping” the client’s account.

This particular program places no SWIFT block or any other kind of hold on the client’s funds.

Any international bank of good standing & reputation would be acceptable so long as the client’s bank managers can facilitate the “Ping” enquiry. This would mainly be the top 100 banks in Europe, USA, Canada, and Singapore, plus branch locations of major banks in Asia or the Middle East (e.g., Credit Suisse, Dubai).

RETURNS AND WITHDRAWALS

The program term is for 10 banking days. Rolls and Extensions, including starting the program again with a higher amount, are possible should market conditions allow.

The net return to the client is 50% per day after all trade related service fees and commissions detailed in the umbrella fee protection agreement.

Payments are made daily to the client’s nominated account.

Clients may withdraw returns at any time, but the principal must remain in their account for the duration of the trade.

PROGRAM PROCESS

1. Client submits KYC and Proof of funds for initial acceptance
2. The client will then need to arrange for a Bank Comfort Letter (BCL) or Ready, Willing, and Able (RWA) Letter from his bank manager(s) that confirms they will allow 'pinging' of the account.
3. This will need to be accompanied by a Bank Statement generated within three days of submission, signed by two bank officers.
4. After a positive due diligence review, which typically takes 48 hours, the Trade Contract is sent to the Client.
5. Client signs the Trade Contract and the trade commences within one or two banking days.

FEES FOR INTERMEDIARIES
