WHY IS THIS PROGRAM DIFFERENT FROM THE OTHERS?

Client only has to give “Viewing access” of their account to the trader to facilitate the trade.

OVERVIEW

The client gives the trader “Viewing Access Only” for the duration of the trade. Exactly the same as you might a team member or your book-keeper. This is an elegant and simple solution to show you have complete control over the account but also allows the trader to check the account balance from anywhere at anytime – no need to call the client’s banking team or “Ping” the account.

This particular program places no SWIFT block or any other kind of hold on the client’s funds. No movement of funds required.

RETURNS AND WITHDRAWALS

The first payment is in 6 weeks, then every 4 weeks thereafter. The term is for 10 months with rolls and extensions as mutually agreed.

PROGRAM PROCESS

1. Client submits KYC with client’s direct mobile number and email.
2. Proof of funds given by online screenshot or bank statement.
3. Confirmation that the client has the ability to give “Viewing Access Only” to the trader.
4. Compliance completes on client file and the trade contract issued and signed
5. Six week countdown to first payment begins once trade contract is executed
